

H-K700

Intelligent
aroma diffuser

Upgrade the nano-atomization technology

Two power supply methods can be chosen at will

Control via Bluetooth app

FUNCTION

Ultra-long battery life

Intelligent timing

Natural cycle

Silent operation

Two-fluid atomization

Plug in/ battery

Upgrade to the second generation
Nanoscale atomization technology

The mist is finer the fragrance lasts longer

Ultra-long battery life

Two power supply methods

It is powered by direct plug-in current and No. 1 lithium battery

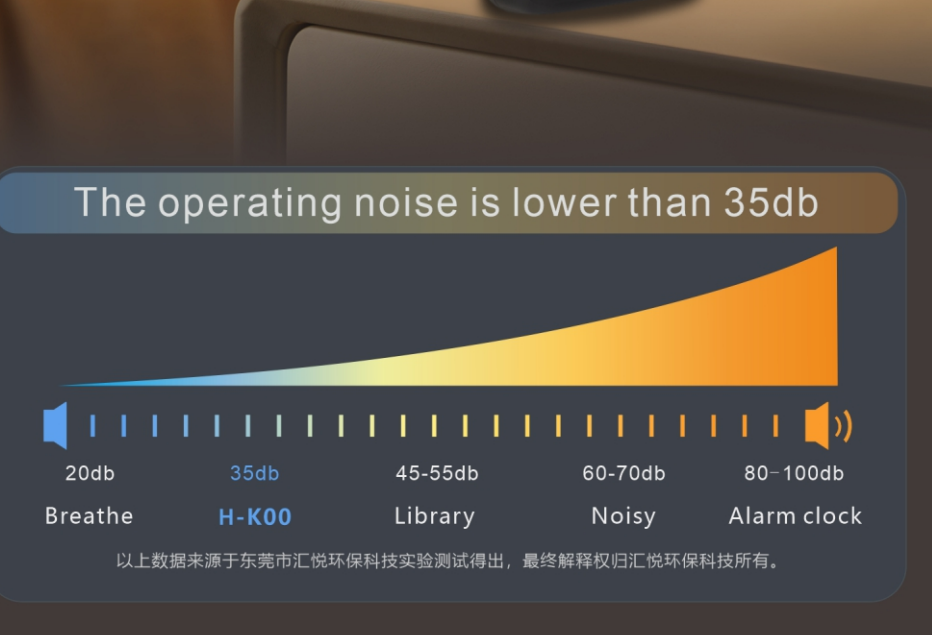

The theoretical battery life has been reached

Two control methods
Button/
Bluetooth app

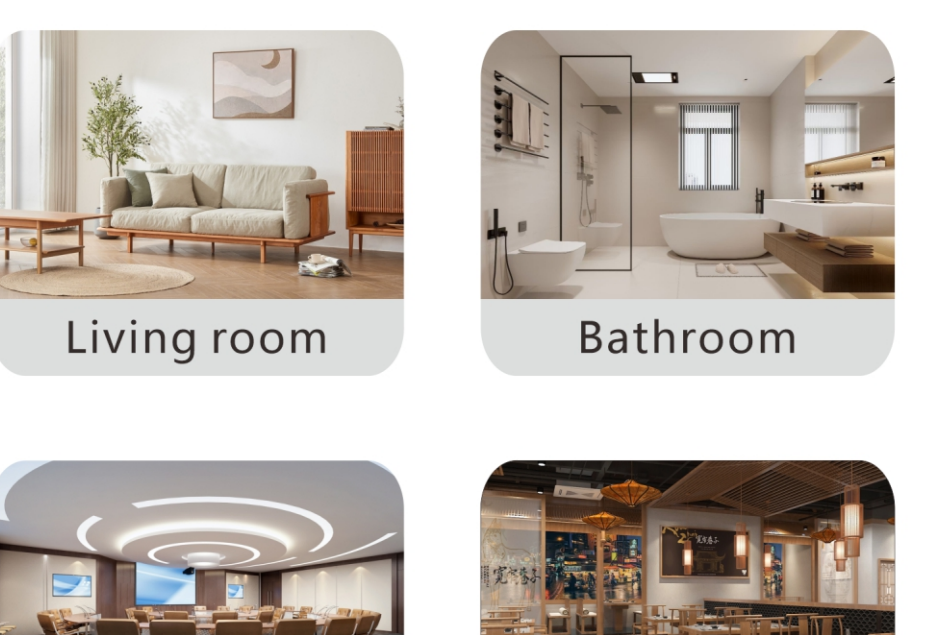

Two installation methods

Convenient for taking and placing The fragrance pervades

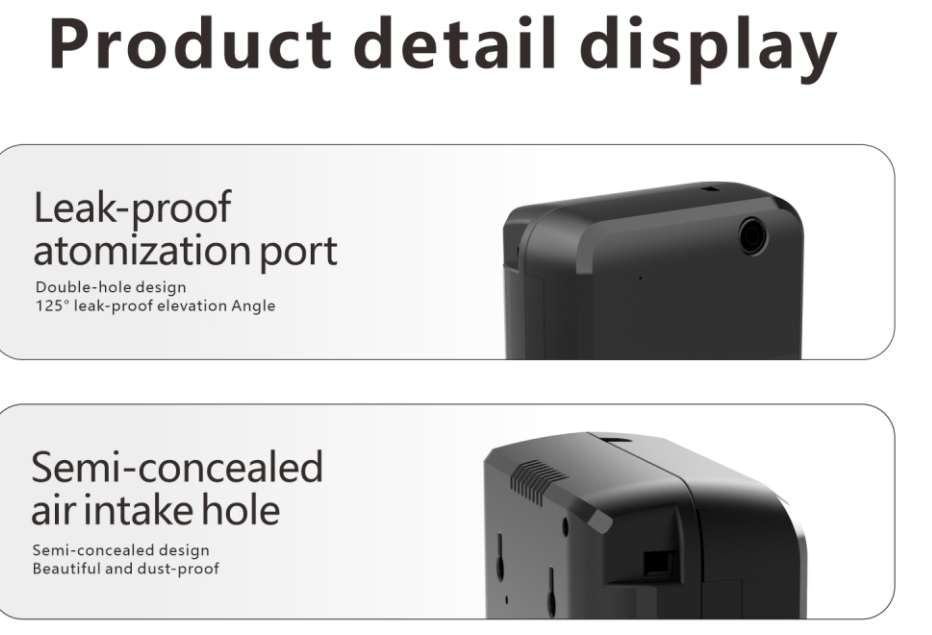

hang

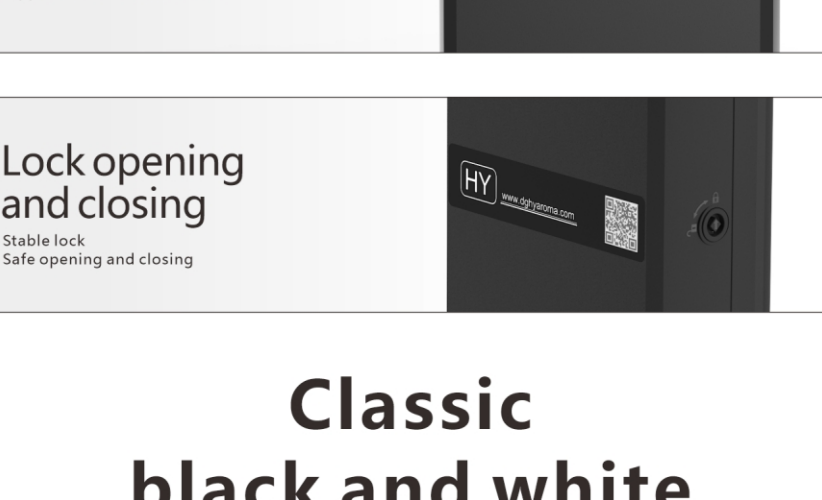

lay

Silent operation
Noise < 35db

Use multiple environments Non-intrusive environment

The operating noise is lower than 35db

Brand: HYAROMA	Model: H-K700
Voltage/power: DC5V1A/2.5W	Noise: < 35db
Capacity: 500ml	Atomization volume: 0.5g±0.2g
Atomization: Two-fluid atomization	Installation method: lay
Material: Plastic	Weight: 0.75kg
Size: W162xD80xH213mm	Scope: 800m²/2500m³

产品指示说明

Precautions
MAINTENANCE

When the following situations occur, the machine needs to be cleaned

1. Prepare to switch to another essential oil for use.

2. The atomization effect has become less and less obvious over time.

Cleaning steps

1. Pull out the atomizer head and unscrew the bottle

2. Put an appropriate amount of alcohol in an essential oil bottle and place it on the device for atomization for 5 to 10 minutes, then let it absorb the odors.

3. After it has dried, the cleaning process is completed.
