Two power supply methods can be chosen at will

Plug in | Battery

The usage scenarios are more flexible

No.1 lithium battery X 4

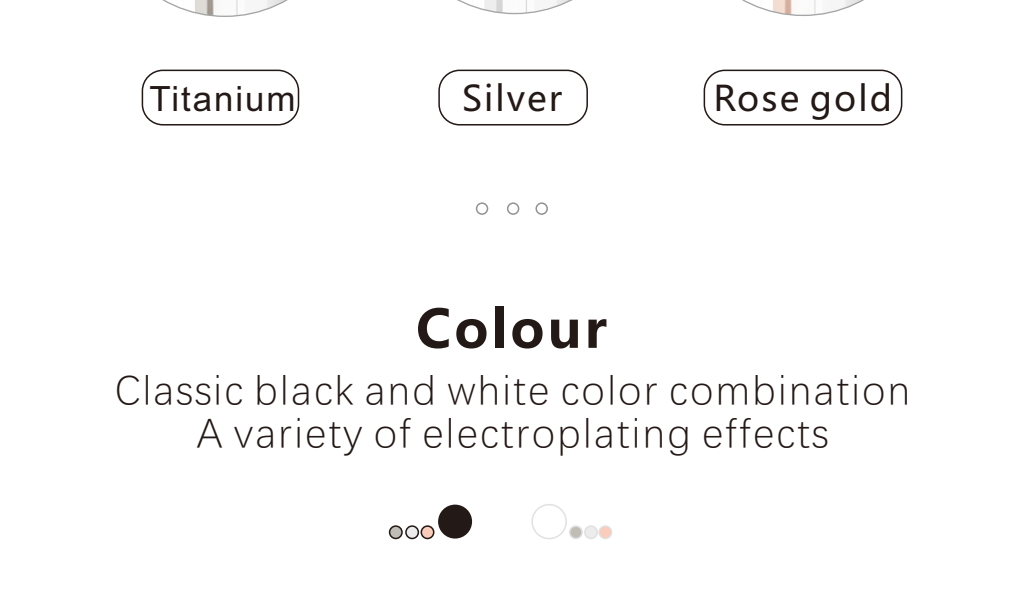

5v1a direct plug-in current

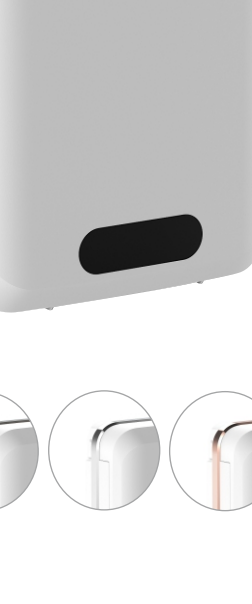

Atomization upgrade

The new generation of
two-fluid atomization technology

It is easy to spread in large quantities
Nanoscale | Uniform particles

The latest electroplating design

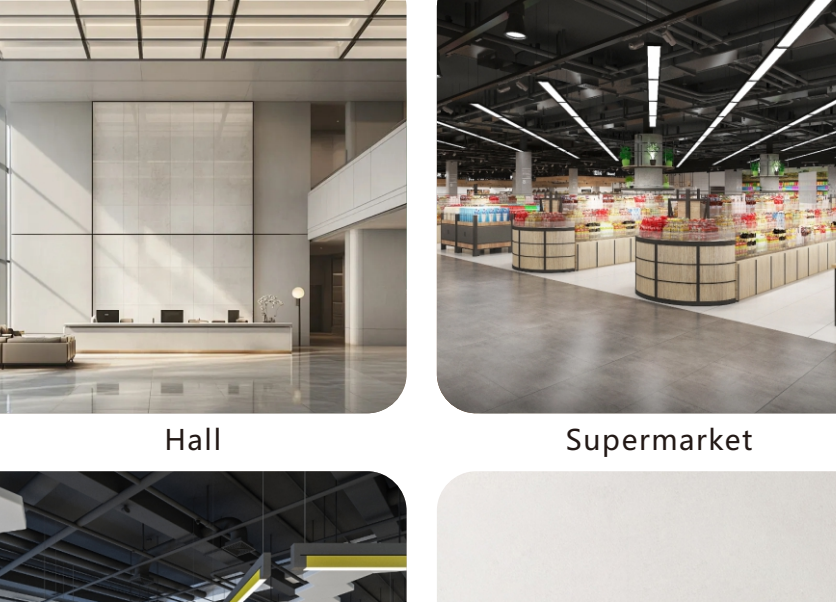

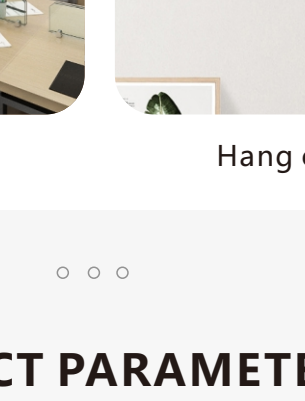

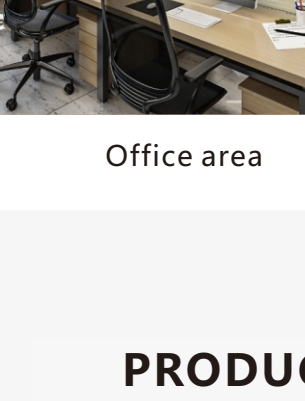

Titanium Silver Rose gold

Colour

Classic black and white color combination
A variety of electroplating effects

24 electroplating effects are available,
and user customization is supported

Multiple usage scenarios

Hall

Supermarket

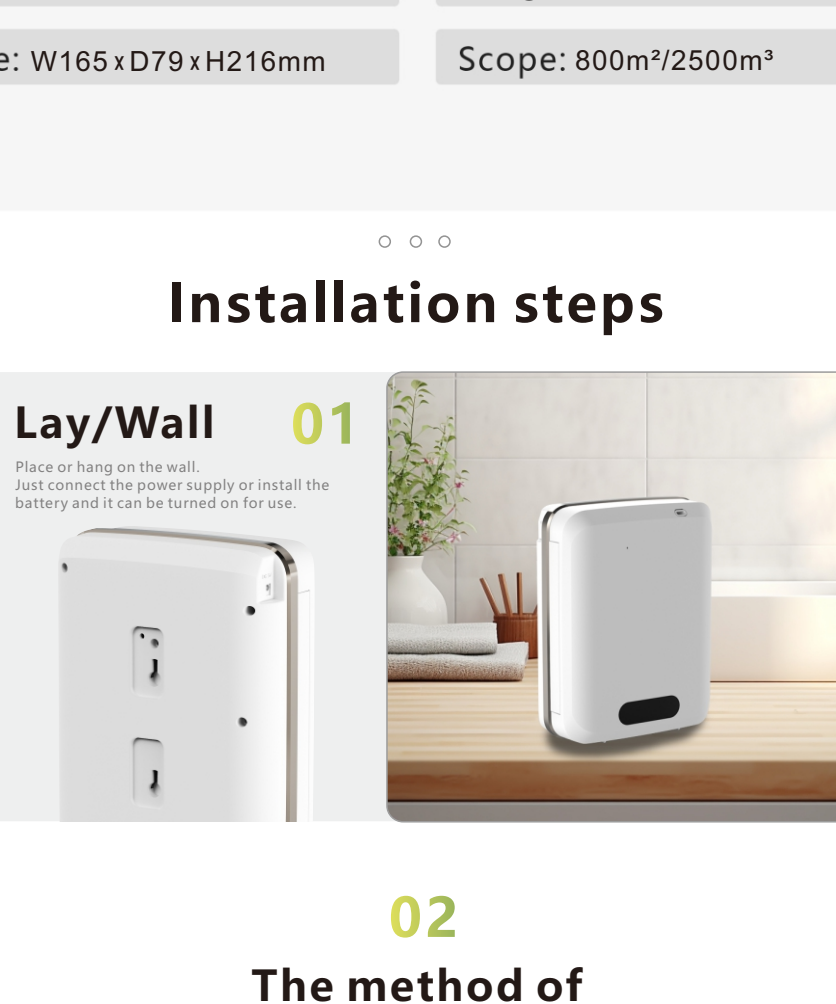

Office area

Hang on the wall

PRODUCT PARAMETERS

Brand: HYAROMA	Model: H-K800
Voltage/power: DC5V1A/2.5W	Noise: < 35db
Capacity: 500ml	Atomization volume: 1.5g±0.2g
Atomization: Two-fluid atomization	Installation method: Lay/Wall
Material: Plastic	Weight: 0.75kg
Size: W165 x D79 x H216mm	Scope: 800m²/2500m³

Installation steps

Lay/Wall 01

Place or hang on the wall.
Just connect the power supply or install the battery and it can be turned on for use.

02

The method of changing essential oils

1. Open the front cover of the machine
through the lock hole on the side of the machine

2. Pull out the atomizer head

3. Hold the atomizer head and the bottle
respectively with your hands, unscrew the bottle
counterclockwise, add the essential oil, and then
tighten the bottle clockwise

4. Install the atomizing head into the machine's
installation position. Press firmly into place,
close the front cover, and the machine's essential
oil replacement is complete. Then it can be
plugged in and turned on for use

Precautions

MAINTENANCE

When the following situations occur, the machine needs to be cleaned

1. Prepare to switch to another essential oil for use.

2. The atomization effect has become less and less obvious over time.

Cleaning steps

1. Pull out the atomizer head and unscrew the bottle

2. Put an appropriate amount of alcohol in an essential oil bottle and place it on the device for atomization for 5 to 10 minutes, then let it absorb the odors.

3. After it has dried, the cleaning process is completed.

A variety of best-selling fragrances
